# Built4People (B4P) Partnership

*Addressing built environment sustainability through R&I*

## Scope:

Decarbonisation, sustainability and better living, addressing the **full built environment value chain**

## Aim:

Deliver **holistic, integrated innovation** for long-lasting transformations, addressing the European Green Deal long-term goals

## Approach:

**People-centric** innovation steered to high-quality architecture, low carbon, highly energy & resource-efficient built environment.

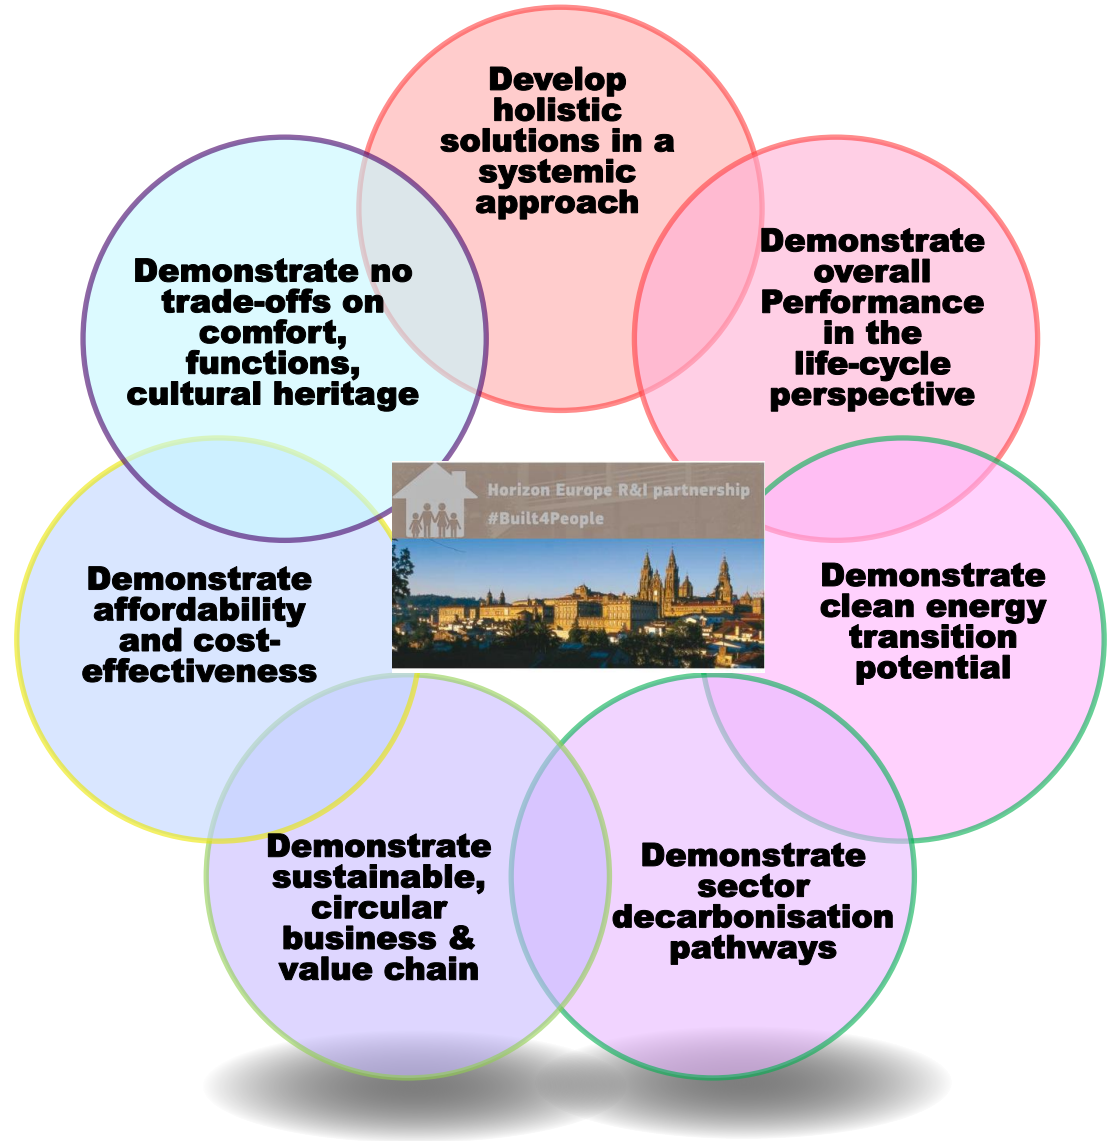

Support the societal and economic transition towards sustainability.

## Coordination:

- European Commission, DG Energy
- Partners others than the EU: ECTP and World GBC

# B4P Partnership – Context and specific objectives

# B4P – State-of-Play

- Framework established with the EC and the Partners
- Official launch ceremony @ 3<sup>rd</sup> edition of European R&I Days:  
<https://www.youtube.com/watch?v=dpxUWEim2hg>
- Governance arrangements and Partnership Board established

## Next steps

- Consolidation and endorsement of the Strategic Research & Innovation Agenda
- Planning of 2022 activities
  - 1st Plenary Stakeholders Forum (Q1 2022)
- Creating synergies (SET-Plan, High-Level Construction Forum, other Partnerships, etc.)

# B4P – joining the initiative

## Why participate?

- Be at the heart of **EU R&I** in Construction & the Built environment
- Contributing to setting the **agenda** and thematic priorities
- **Networking / Clustering**
- Fostering **collaboration at European level**

## How?

- **Submit proposals** under the B4P Horizon Europe calls
- Join the **Partnership's stakeholder community**
- **Become a Partner** through the associations involved
- Contribute to establishing the Partnership's network of **Innovation clusters**
